

# Photoshop, Level II

## Course Specifications

Course Length: 1 Day  
Prerequisites: Photoshop 6, Level I or have equivalent knowledge.  
Course Cost: \$175.00

## What's in Photoshop 6, Level II:

Students will further their understanding of isolating image areas by creating and saving masks with specialized tools, command, modes, and layer elements. Students will learn how to use vector paths for a variety of purposes, including masking, clipping paths, and illustration. Students will also learn to create and apply creative elements such as gradients, patterns, and color overlays, and to save them along with effects in easy to apply layer styles.

## Course Content
